

Supportive Referral Services

The following agencies are funded by the Rhode Island Department of Health to provide HIV, HCV, and TB testing services and can offer free or almost free (sliding fee) tests for people who cannot afford to pay. Testing can be anonymous (no names are used and you are issued a number instead) or confidential. Confidential information about your test result is strictly protected like any other medical record. However, the agency does ask for your name during the interview. Those with an asterisk (*) are anonymous testing sites.

		HIV	TB	HCV	STDs	Anonymous
AIDS Care Ocean State 293 Oxford Street, Providence 02905	781-0665	×				*
